PROFESSIONAL SUMMARY

UX / Product Designer with 5+ years of experience designing end-to-end user experiences for complex, workflow-driven platforms. Strong in problem framing, information architecture, and translating business and system constraints into intuitive, scalable solutions. Experienced in collaborating with product managers, engineers, and stakeholders to deliver user-centered designs with measurable impact.

EXPERIENCE

Senior Analyst – UX / Visual Designer

Accenture, Pune

April 2022 - Present

- Led end-to-end UX design for enterprise dashboards and internal platforms, owning problem definition, user flows, wireframes, and high-fidelity designs.
- Translated complex workflows and data requirements into intuitive experiences, improving usability and task efficiency for internal users.
- Conducted qualitative and data-driven user research to identify pain points and validate design decisions under tight timelines.
- Collaborated closely with product managers, engineers, and BI teams to balance user needs, business goals, and technical constraints.
- Contributed to and maintained design system components, improving UI consistency and reducing redundant design effort across teams.
- Presented design rationale to stakeholders and influenced decisions through user insights and structured UX reasoning.

Senior System Engineer

Infosys, Chennai

September 2019 - March 2022

- Designed and improved UX for data-intensive BI dashboards and enterprise reporting systems.
- Applied qualitative and quantitative insights to refine layouts, interaction patterns, and information hierarchy.
- Worked closely with engineering teams to ensure UI designs aligned with backend logic and system workflows.
- Balanced usability, performance, and technical feasibility while designing solutions for complex enterprise use cases..

Graphic Design Intern

Bike Street Boys, Pune

June 2018 - May 2019

- Created brand assets, infographics, and marketing visuals using Adobe Creative Suite.
- Strengthened visual hierarchy, layout clarity, and storytelling skills..

EDUCATION

Bachelor of Engineering (BE) Computer Engineering | Sinhgad Institute of Technology, Lonavala | June 2019

- Cumulative GPA: 8.25 | First Class with Distinction

Higher Secondary Certificate (12th) | Delhi Public School, Prayagraj | April 2014

- PCM: 84.80%

SKILLS

UX & Product: User Research, Interaction Design, Information Architecture, User Flows, Wireframing, Prototyping, Usability Evaluation, Design Systems, Visual Design

Tools: Figma, Adobe XD, Illustrator, InDesign, Premiere Pro

Data / Platforms: Power BI, SQL Server, SSIS, SSRS, Power Apps, Power Automate

Collaboration: Cross-functional Collaboration · Stakeholder Communication · Agile Workflows · Problem Solving-Solving
